RAILWAY MACHINERY

POWER WRENCH MACHINE Mod. S2

Mechanical operated power wrench machine for laying and maintenance of tracks with "K" type fixings.

4-STROKE ENGINE Versions available (6.3kW/8.4Hp):

Cod.F1026: Standard model with trolley 3 wheels

Cod.F1026B11: Model with trolley 4 wheels for switches

Cod.F1026B20: Model with moving track trolley 4 wheels

Weight: 255-295 Lbs (115-133kg)

1

CE

COMPACT POWER WRENCH MACHINE Mod. IML

Machine designed for the maintenance and laying of tracks with "K" type fixings. Equipped with 2 speed tightening/untightening and torque control.

Cod.F1132: 4-stroke engine (3.6kW/4.8Hp)

Weight: 185 Lbs (83kg)

CE

HYDRAULIC POWER WRENCH MACHINE Mod. INH

Machine designed for the maintenance and laying of tracks with "K" type fixings.

Equipped with torque control and dismountable frame.

Cod.F1041B01: 4-stroke engine (6.3kW/8.4Hp)

Weight: 340-360 Lbs (154 - 163kg)

CE

DOUBLE HEAD HYDRAULIC POWER WRENCH MACHINE Mod. INH2

Machine designed for adjustment and maintenance of tracks with "K" type fixings.

Equipped with torque control and dismountable frame.

Cod.F1042B01: 4 stroke engine (8.7kW/12Hp)

Weight: 530-560 Lbs (240 - 255kg)

CE

RAILWAY MACHINERY

IMPACT WRENCH MACHINE Mod. SH-03

Portable impact wrench machine equipped with 2-stroke endothermic engine. On request it can be equipped with a speed regulator and trolley to work smoothly on the tracks.

Cod.F1094M08: 2-stroke engine (2.6kW/3.5Hp)
Max Torque: 1840 ft-lb (2500Nm); Weight: 41 Lbs
Cod.F1094M07: with torque regulation
Cod.F1094M18: Impact wrench machine SH-03 + trolley
Cod.F1094M17: Impact wrench machine SH-03 with torque regulation + trolley

IMPACT WRENCH MACHINE Mod. LV

Portable impact wrench machine equipped with 2-stroke endothermic engine. Grip transmits less vibration to the operator, equipped with speed regulator. On request it can be equipped with a trolley.

Cod.F1034M01: 2-stroke engine (1.7kW/3.1Hp)
Max Torque: 1840 ft-lbs (2500Nm)
Weight: 45 Lbs (20.5kg)

ELECTRIC IMPACT WRENCH MACHINE Mod. SB-01

Portable impact wrench machine equipped with electric motor.

Cod.F1094E01
Max Torque: 740 ft-lbs (1000Nm)

Weight: 18 Lbs (8kg)

TROLLEY FOR IMPACT WRENCH MACHINES AND SLEEPER DRILLING MACHINE

Compatibility:

Cod.F1099: trolley for impact wrench **F1034M01**
Cod.F1099A02: trolley for impact wrench **F1094M08/07/02** and sleeper drilling machine **F1057**

Weight: 68 Lbs (31kg)
